Academic vacancy in the field of “Aquatic Resource Management and Aquaculture”

Start date: 01/09/2020

Vacancy Reference: FS2020-3

Description of the course load:

A full-time, indivisible position in the field of Aquatic Resource Management and Aquaculture, within the Department of Biology, Ecology and Evolution of the Faculty of Sciences. This post includes teaching, research and service to the Community.

Teaching activities:
Maintenance and development of the Advanced Masters in Aquatic Resource Management and Aquaculture. Deliver classes in different Masters programmes and more specifically in the BOE, Oceanography and GERAA Masters programmes).

In addition, the successful applicant may be required to teach one or more General Biology courses at Bachelor level.

Research Activities:
Management and development of research in the field of Aquatic Resource Management and Aquaculture in connection with experts within the Department of Biology, Ecology and Evolution (at national and international level).

Community-related activities:
The successful applicant will join the Department of Biology, Ecology and Evolution and will participate in the various activities and missions of this Department and the Faculty.

The successful applicant will be invited to develop and integrate their three activities within the Faculty and the institution.

Qualifications/Profile:

- Must hold a PhD in Science (Biology);
- Must produce evidence of a research stay abroad (post-doctorate) of at least 6 months;
- Experience in managing groups of students in the field and in a Master's level laboratory will be an additional asset;
- Competent specialist in fishery resources (freshwater or marine fisheries and aquaculture) with the potential to develop research in connection with the expertise within the Department of Biology, Ecology and Evolution and the Institution.
Selection procedure:

The selection procedure will be in accordance with the regulations applied within the University of Liège.

Applications:

Candidates are requested to send their applications electronically to the following address: Postesacademiques@uliege.be with a copy to Mrs Françoise Motte - francoise.motte@uliege.be by 13 March 2020 at the latest.

Required documents:

- Applications (with a cover letter) accompanied by a complete curriculum vitae (see the procedures on the website of the Faculty of Sciences at the following address: http://www.sciences.uliege.be/emploi-sciences);
- A report on past and current research activities and a research plan, including the envisaged integration within the Faculty at the University of Liège;
- A teaching dossier including a report on any previous teaching activities and a teaching plan;
- A copy of any publications (electronic version).

Documents can be provided in either English or French, although most classes must be taught in French.

Conditions of recruitment:

The position shall be assigned either from the outset on a permanent basis or for a fixed term of four years, which may lead to the permanent appointment of the person concerned.

In the case of a four-year appointment, an evaluation of the person concerned will be carried out at the end of the third year.

- If the evaluation is negative, the person concerned will complete the four-year term but will not be able to extend it.
- If the assessment is positive, the person concerned shall be appointed on a permanent basis.

Information:

Any further information can be obtained from Mrs Françoise Motte - tel: +32 4 366 36 52. - Francoise.Motte@uliege.be

Remuneration:

Salary scales and how they are applied are available from the University’s Human Resources department: Ms Ludivine Depas - tel: +32 4 366 52 04 – Ludivine.Depas@uliege.be
