Vacancy for a permanent scientist in the field of Pharmacognosy and Phytotherapy

**Start date:** 1 October 2021

**Job description:**

A position of first full-time assistant, in the field of Pharmacognosy and Phytotherapy within the Pharmacy Department.

**Teaching activities:**

- Bachelor’s in Pharmaceutical Sciences:
  - Pharmacognosy, Part I, including introduction to phytochemistry and primary metabolites [36h Pr],
  - Pharmacognosy, Part II, including phytotherapy [20h Pr].
- Master in Pharmaceutical Sciences:
  - Introduction to the advanced specialisation in pharmacy practice, pharmaceutical advice and monitoring: Supplementary phytotherapy [6h SEM] (co-teaching), Critical approach to homeopathy [6h SEM], Critical approach to food supplements [3h SEM],
  - Integrated practical activities: Integrated practical work [40h Pr] (co-taught),
  - Integrated Seminars II [30h SEM] (co-taught).
- Advanced Master’s in Dermopharmacy and Cosmetology:
  - Knowledge of raw materials and control methods: Substances of natural origin [15h Th] (co-taught).
- Certificate in Interdisciplinary Methods and Practice in the field of health:
  - Review of interdisciplinary and interprofessional experiences in the field of health [20h AUTR].
- Contribution to the establishment of a University Certificate in Clinical Phytotherapy.
- Development of simulation activities within the framework of practical work in the Pharmaceutical Sciences course.

**Research Activities:**

- Supervise and/or assist in the supervision of research work carried out within the Department, including development cooperation projects;
- Seek funding, establish collaborations, actively participate in networks and learned societies to increase the visibility of the Department.

**Services to the Community:**

- Represent the Department in regional or federal commissions and bodies in the field;
- Participate in maintaining the department’s GMP certification;
- Supervise the CIRM’s “malaria cell platform”;
- Supervise doctoral theses and dissertations.
Qualifications required / profile:

The candidate shall:

- Be a qualified Pharmacist;
- Hold a research PhD in Pharmaceutical Sciences;
- Demonstrate their competences in the field of Pharmacognosy and Phytotherapy;
- Demonstrate the human qualities needed to manage activities of a collaborative nature as well as the ability to work independently;
- Demonstrate teaching skills;
- Master written and spoken French and English.

In addition, the following skills are an advantage:

- Have experience in the field of GMPs;
- Have experience in cell culture;
- Have published international scientific publications and have completed a post-doctoral stay abroad.

Selection procedure:

Applications will be subject to a pre-selection on the basis of a dossier. Successful candidates will then be invited to an interview.

Applications:

Applicants are requested to submit their applications electronically, to the following address: Postesscientifiques@uliege.be with a copy to Ms Elisabeth Scherlizin E.Scherlizin@uliege.be no later than 25 April 2021.

Required documents:

- An application (with a cover letter) accompanied by a complete curriculum vitae;
- A report on past and current research activities and a research plan, including the envisaged integration within the University of Liège;
- A teaching file including a report on any prior teaching activities and a teaching plan;
- A copy of publications.

Conditions of recruitment:

Positions are awarded either on a permanent basis¹ from the outset or following a positive evaluation at the end of a term of office or a fixed-term contract of up to four years.

Our institutional policy is based on diversity and equal opportunities. We select candidates on the basis of their qualities regardless of age, sexual orientation, origin, beliefs, disability or nationality.

---

¹ If the successful candidate is well known to the Institution and has already demonstrated their qualifications, the Committee may, if it so wishes and giving reasons, propose to appoint them from the outset on a permanent basis.
Information:

Further information on the position may be obtained from the Head of the Pharmacy Department, Professor Brigitte Evrard – B.Evrard@uliege.be

Salary:

Salary scales and how they are applied are available from the human resources department of the University: Ms Ludivine Depas – tel.: +32 4 366 52 04 – Ludivine.Depas@uliege.be
