Permanent (full-time) scientific vacancy in the field of “Molecular and Cellular Biology”.

**Start date:** 01/10/2022

**Vacancy reference:** FM-211215-01

**Job description**

A position for a first assistant in the field of Molecular and Cellular Biology attached to the Department of Biomedical and Preclinical Sciences.

**Teaching activities**

- Bachelor in Biomedical Sciences:
  - Molecular Biology [40h Pr]
  - Integrated practical work [35h Pr]
  - Cell and tissue culture techniques [20h Pr]

**Research Activities**

- Supervise and/or assist in the supervision of research work carried out within the Department, including development cooperation projects;
- Seek funding, establish collaborations, actively participate in networks and learned societies to increase the visibility of the Department.

**Services to the Community**

- Represent the Department in regional or federal committees and bodies in the field;
- Supervise doctoral theses and dissertations.

**Qualifications required / profile**

- Hold a Master's degree in Biomedical Sciences or a degree deemed equivalent;
- Hold a research PhD in Pharmaceutical Biomedical Sciences or a degree deemed equivalent;
- Demonstrate their competences in the field of Molecular and Cellular Biology (Teaching and Research)
- Demonstrate the human qualities needed to manage activities of a collaborative nature as well as the ability to work independently;
- Demonstrate teaching skills;
- Master written and spoken French and English.

In addition, the following skills are an advantage:

- Demonstrate evidence of international scientific publications
- and having spent time abroad.

**Selection procedure**

Applications will be subject to a pre-selection on the basis of a dossier. The successful candidates will then be invited to an interview.

Our institutional policy is based on diversity and equal opportunities. We select candidates on the basis of their qualities regardless of age, sexual orientation, origin, beliefs, disability or nationality.
Applications
Applicants are requested to submit their applications electronically, to the following address: Postesscientifiques@uliege.be with a copy to Ms Elisabeth Scherlizin no later than 27 February 2022.

Documents required:
- An application (with a cover letter) accompanied by a complete curriculum vitae;
- A report on past and current research activities and a research plan, including the envisaged integration within the University of Liège;
- A teaching file including a report on any prior teaching activities and a teaching plan;
- A copy of publications in digital format.

Recruitment conditions
The position shall be assigned either for a fixed term of four years, which may lead to the permanent appointment of the person concerned or on a permanent basis from the outset.

Information
Further information can be obtained from the President of the Department of Biomedical and Preclinical Sciences: Professor Agnès Noël – Agnes.Noel@uliege.be

Remuneration:
Salary scales and how they are applied are available from the human resources department of the University: Ms Ludivine Depas – tel.: +32 (0) 4 366 52 04 – Ludivine.Depas@uliege.be
