Permanent scientific position (full-time) as CARE Robotein® logistician

**Start date:** 01/10/2022

**Vacancy Reference:** FS-220126-03

Job description

**Research Activities**
The logistician will be responsible for operating and maintaining the CARE Robotein® equipment, developing new methods and building local, national and international scientific partnerships, drafting tenders and providing services for third parties. They will also be expected to collaborate with researchers in writing the technical components of new research projects or funding applications.

**Teaching activities**
The logistician will be responsible for tutoring Master’s students and (post)doctoral students whose projects require the use of the equipment available at the platform.

**Services to the Community**
Available to the University and the region, Robotein® enables researchers who request it to carry out work for the purposes of both fundamental knowledge and applications of economic interest. It offers its services both to the university community of Liège (inter-faculty) and to the industrial world. The logistician’s duties will include managing these services, from drafting offers to delivering the results and products ordered, whether internal or external.

**Qualifications required / profile**
- Must hold a doctorate in Sciences;
- Have expertise in the fields of protein science, biophysics and molecular biology.

**Selection procedure**
The selection procedure will be in accordance with the regulations applied within the University of Liège.

Our university policy is based on diversity and equal opportunities. We select candidates on the basis of their qualities regardless of age, sexual orientation, origin, beliefs, disability or nationality.

**Applications**
Applicants are requested to submit their applications electronically, to the following address: Postesscientifiques@uliege.be with a copy to Ms Ninfa GRECO – N.Greco@uliege by 18/03/2022 at the latest.
Documents required:

- Applications should be submitted (with a cover letter), accompanied by a complete curriculum vitae (see the procedures on the website of the Faculty of Sciences at: https://www.sciences.uliege.be/emploi-sciences)
- A report on past and ongoing research activities;
- A copy of any publications (electronic version).

Recruitment conditions
The position shall be assigned either for a fixed term of four years, which may lead to the permanent appointment of the person concerned or on a permanent basis from the outset.

Information
Any further information may be obtained from: Ms Ninfa GRECO – tel.: +32 4 366 59 34 – N.Greco@uliege.be

Remuneration:
Salary scales and how they are applied are available from the human resources department of the University: Ms Ludivine Depas – tel.: +32 4 366 52 04 – Ludivine.Depas@uliege.be
