PART-TIME ACADEMIC POST (0.05 FTE)
FACULTY OF MEDICINE
FIELD: CLINICAL MEDICINE
START DATE: 01/09/2024

The University of Liège is the biggest French-speaking public university in Belgium. It employs more than 5,700 staff members across four campuses, including 3,600 active teachers and researchers in all fields of the human and social sciences, science and technology, and health sciences. In hosts nearly 27,000 students of 123 different nationalities in one of the most multicultural and dynamic cities in Europe, less than an hour from Brussels and Cologne, two hours from Paris, and three hours from London and Amsterdam. Actively involved in the social and environmental transition, ULiège supports students to fulfil their roles as responsible citizens (training in sustainable development, Green Office, etc.) and promotes ethical, multidisciplinary and open research. ULiège is committed to the region in which it operates and contributes towards local socio-economic development. It has developed numerous partnerships, notably with the university hospital. International and united, it participates in the European University of Post-Industrial Cities, UNIC initiative and has one of the most extensive collaborative networks in the world. ULiège offers attractive career prospects in a high-quality working environment, promoting well-being, diversity and equality of opportunity. Since 2011, ULiège has been proud to display the European Human resources strategy for researchers (HRS4R) label, which reflects its commitment to open, transparent and merit-based procedures. In addition, it recognises the quality and diversity of research in line with the recommendations of the Coalition for Advancing Research Assessment (CoARA). ULiège encourages its academic staff to travel internationally and welcomes international researchers through its EURAXESS centre.

JOB DESCRIPTION

Twenty part-time (0.05 FTE) indivisible posts in the field of Clinical Medicine within the Faculty of Medicine. These posts include a maximum of 15 hours of teaching, including seminars and practical work, in addition to the organisation and supervision of clinical internships, research activities in the field and services to the Community.

TEACHING ACTIVITIES

Applicants will propose a teaching plan in a field of clinical medicine including teaching activities, including the organisation and supervision of internships, mostly within the Advanced Master’s and the University Skills Certificate and/or in the Bachelor's and Master's cycles.

As a minimum, the supervision of dissertations is also included in the teaching activities.

RESEARCH ACTIVITIES

Applicants will propose translational and/or clinical research activities within the University of Liège and its university hospital. These activities will include the creation and maintenance of a clinical database in a field of expertise, contribution to the collection of biological samples from patients in their speciality and collaboration with University of Liège laboratories (particularly GIGA, CIRM, FARAH, etc.), the university hospital and the BHUL (University of Liège hospital library) for the appropriate use of these samples as part of research projects carried out by these laboratories. Participation in national and international translational and clinical studies either academic or in partnership with industry will also be encouraged.

As a minimum, the supervision of doctoral theses will be included in the research activities.
SERVICES TO THE COMMUNITY

- Clinical expertise, responsibilities in the research and teaching bodies and professional bodies.
- Representation of the University of Liège and its university hospital in research groups and scientific and medical national and international societies in a field of clinical medicine.
- Development of a tertiary activity and active contribution to the theoretical and technological evolution through implementation of innovative and cutting-edge techniques.
- Active participation in the Faculty of Medicine and the Department corresponding to the field;
- Participation in various Faculty committees and commissions.

QUALIFICATIONS REQUIRED / PROFILE

- Hold a research doctorate.
- Work within a university hospital.

SELECTION PROCEDURE

Applications will be short-listed on the basis of a dossier. Short-listed applicants will then be invited to an interview, the format of which will be decided by a Faculty committee.

Our institutional policy is based on diversity and equal opportunity. We select candidates on the basis of their qualities regardless of age, sexual orientation, origin, beliefs, disability or nationality.

APPLICATIONS

Applications should be made using the online form available on the following website: https://my.uliege.be/portail/go_xt.do?a=0%7C11004%7Ce%7C568814 no later than 29/01/2024 (before midnight Belgian time). Late applications may be refused.

DOCUMENTS REQUIRED:

- Cover letter;
- Curriculum vitae download model HERE;
- A report on past and current research activities and a research plan, including the envisaged integration within the University of Liège and its university hospital;
- A teaching dossier including a report on any prior teaching activities and a teaching plan;
- A copy of publications in digital format.

RECRUITMENT CONDITIONS

The post will be appointed for an initial renewable period of five years.

INFORMATION

Further information on the position can be obtained from the Faculty of Medicine: Ms Elisabeth SCHERLIZIN - tel: +32 (0) 4 366 48 34 – E.Scherlizin@uliege.be
