FULL-TIME ACADEMIC POST
FACULTY OF MEDICINE
FIELD: HUMAN PHYSIOLOGY AND PHYSIOLOGY OF PHYSICAL EFFORT
START DATE: 01/09/2024

The University of Liège is the biggest French-speaking public university in Belgium. It employs more than 5,700 staff members across four campuses, including 3,600 active teachers and researchers in all fields of the human and social sciences, science and technology, and health sciences. It hosts nearly 27,000 students of 123 different nationalities in one of the most multicultural and dynamic cities in Europe, less than an hour from Brussels and Cologne, two hours from Paris, and three hours from London and Amsterdam.

Actively involved in the social and environmental transition, ULiège supports students to fulfil their roles as responsible citizens (training in sustainable development, Green Office, etc.) and promotes ethical, multidisciplinary and open research. ULiège is committed to the region in which it operates and contributes towards local socio-economic development. It has developed numerous partnerships, notably with the university hospital. International and united, it participates in the European University of Post-Industrial Cities, UNIC initiative and has one of the most extensive collaborative networks in the world.

ULiège offers attractive career prospects in a high-quality working environment, promoting well-being, diversity and equality of opportunity. Since 2011, ULiège has been proud to display the European Human resources strategy for researchers (HRS4R) label, which reflects its commitment to open, transparent and merit-based procedures. In addition, it recognises the quality and diversity of research in line with the recommendations of the Coalition for Advancing Research Assessment (CoARA). ULiège encourages its academic staff to travel internationally and welcomes international researchers through its EURAXESS centre.

JOB DESCRIPTION

A full-time, indivisible position in the field of Human physiology and physiology of physical effort within the Department of Physical activity and rehabilitation sciences. This post includes a maximum of 250 hours of teaching, including seminars and practical work, in addition to research activities in the field and service to the Community.

TEACHING ACTIVITIES

(Subject to changes resulting from curriculum reforms).

Bachelor in Motor Sciences and Bachelor in Physical Education and Rehabilitation
- Multidisciplinary approach to the cardiovascular system, Physiology part [8h Th]
- Multidisciplinary approach to normal humans (Part I), Human physiology part [20h Th, 5h Pr]
- Multidisciplinary approach to the musculoskeletal system (Part II), Theory, Physiology part [4h Th]
- Multidisciplinary approach to the respiratory system, Theory and Practice, Physiology Part [8h Th]
- Multidisciplinary approach to the respiratory system, Theory and Practice, Contra-indications part [4h Th]
- Human biometrics [15h Th, 5h Pr]
- Epistemology and didactics of psychomotricity and corporal education, Physiology part [5h Th]
- Physiology of physical effort [15h Th, 2h Pr]

Master’s in Motor Sciences / Physical therapy and rehabilitation
- Engineering of physical preparation and sports performance, New developments in the field of recovery and how best to develop aerobic aptitude part [6h Th]
- Engineering of physical preparation and sports performance II, New developments in the field of recovery and how best to develop aerobic aptitude part [2h Th, 2h Pr]
Engineering of physical activity and health, Benefits of physical activity in chronic medical pathologies part [4h Th]

Analysis of athletic movement and injury mechanisms, new developments in the field of physiology of effort and training [225h Th, 25h Pr]

Specialisation Master’s
- Participation in teaching the Advanced Master’s in Pneumology and the Advanced Master’s in Occupational Medicine.

Continuing education and certificates
- Participation in teaching and coordinating teaching of continuing education and certificates, including open courses

As a minimum, the supervision of dissertations in also included in the teaching activities.

RESEARCH ACTIVITIES

The applicant may propose new research directions, which will be submitted for consideration.

As a minimum, the supervision of doctoral theses will be included in the research activities.

SERVICES TO THE COMMUNITY

- Active participation in the Faculty of Medicine and the Department of Motor Sciences;
- Participation in various committees and commissions;
- Promotion of education and the institution.

QUALIFICATIONS REQUIRED / PROFILE

- Must hold a research doctorate.

SELECTION PROCEDURE

Applications will be short-listed on the basis of a dossier.
Short-listed applicants will then be invited to an interview which will include the presentation of a public lecture.

Our institutional policy is based on diversity and equal opportunity. We select candidates on the basis of their qualities regardless of age, sexual orientation, origin, beliefs, disability or nationality.

APPLICATIONS

Applications should be made using the online form available on the following website: https://my.uliege.be/portail/go_xt.do?a=o%7C11004%7Ce%7C568695 no later than 26/02/2024 (before midnight Belgian time). Late applications may be refused.

DOCUMENTS REQUIRED:

- Cover letter;
- Curriculum vitae download model HERE;
- A report on past and current research activities and a research plan, including the envisaged integration within the University of Liège;
- A teaching dossier including a report on any prior teaching activities and a teaching plan;
- A copy of publications in digital format.
RECRUITMENT CONDITIONS

The post-holder will be appointed either for a fixed term of four years, or definitively.

If the post is granted for a fixed term, an evaluation will take place during the third year.

- If this evaluation is negative, the appointment will end after the four-year period.
- If the assessment is positive, the person concerned shall be appointed on a permanent basis.

INFORMATION

Further information can be obtained from the administrative department of the Faculty of Medicine: Ms Elisabeth SCHERLIZIN - tel: +32 (0) 4 366 48 34 – E.Scherlizin@uliege.be

REMUNERATION:

Salary scales and how they are applied are available from the human resources department of the University: Ms Ludivine DEPAS – tel.: +32 (0) 4 366 52 04 – Ludivine.Depas@uliege.be
