PART-TIME ACADEMIC POST
FACULTY OF APPLIED SCIENCES
FIELD: “BUILDING RENOVATION TECHNIQUES”
START DATE: 01/09/2024

The University of Liège is the biggest French-speaking public university in Belgium. It has more than 5,700 members of staff in four campuses, including 3,600 teachers and active researchers in all fields of the human and social sciences, science and technology, and health sciences. It hosts nearly 27,000 students of 123 different nationalities in one of the most multicultural and dynamic cities in Europe, less than an hour from Brussels and Cologne, two hours from Paris and three hours from London and Amsterdam.

Actively involved in the social and environmental transition, Uliège supports students in their roles as responsible citizens (training in sustainable development, Green Office, etc.) and promotes ethical, multidisciplinary and open research. Uliège is committed to the region in which it operates and contributes towards its socio-economic development. It has developed numerous partnerships, notably with the CHU de Liège. International and united, it participates in the European University of Post-Industrial Cities, UNIC initiative and has one of the most extensive collaborative networks in the world.

ULiège offers attractive career prospects in a high-quality working environment, promoting well-being, diversity and equality of opportunity. Since 2011, it has been proud to hold the European label Human resources strategy for researchers (HRS4R) which reflects its commitment to open, transparent and merit-based procedures. In addition, it recognises the quality and diversity of research in line with the recommendations of the Coalition for Advancing Research Assessment (CoARA). Uliège encourages the internationalisation of its academic staff and facilitates the arrival of international researchers through its EURAXESS centre.

JOB DESCRIPTION

A part-time (5%), indivisible academic post in the field of “Building renovation techniques” within the Department of Architecture, Geology, Environment and Construction (ArGenCo) in the Faculty of Applied Sciences. This post includes teaching and research activities as well as services to the Community.

TEACHING ACTIVITIES

This position aims to improve student training in the field of “Building renovation techniques”, in particular through the ARCH2011-1 course “Sustainable construction techniques for buildings IV: building renovation”, which represents a volume of 4 ECTS (15 hours of theory, 15 hours of practical work and 2 days in the field). This course is aimed at students in the Engineering Civil Architect Master’s programme.

The post-holder will base their teaching on their industrial experience and will introduce real cases by means of illustrating the solutions and approaches taken within companies.

Finally, the post-holder will be asked to supervise projects, internships and dissertations in their research field.
RESEARCH ACTIVITIES

At the post-holder’s initiative and depending on opportunities.

SERVICES TO THE COMMUNITY

At the post-holder’s initiative and depending on opportunities.

QUALIFICATIONS REQUIRED / PROFILE

- Strong industrial expertise and experience in the relevant field.

SELECTION PROCEDURE

Applications will be subject to a pre-selection on the basis of a dossier by a selection commission created by the Faculty of Applied Sciences. Short-listed candidates will then be invited to an interview which will include a sample lesson, the presentation of their research project and a general discussion with the selection committee.

In accordance with University of Liège policies, which incorporate the values of diversity and equal opportunities, applicants are selected on the basis of their qualities, regardless of age, sexual orientation, origin, beliefs, disability or nationality.

APPLICATIONS

Applications should be made using the online form available on the following website: https://my.uliege.be/portail/go_xt.do?a=o%7C11004%7Ce%7C570891 Applications must be made no later than 03/03/2024, midnight (Belgian time). Late applications may be refused.

DOCUMENTS REQUIRED:

The following documents, written in French or English, must be provided in electronic format (PDF) to support the application:

- A cover letter;
- A CV;
- A copy of diplomas and certificates;
- A teaching plan presenting the way in which the candidate intends to transmit their professional expertise and experience in their teaching, and highlighting the opportunities for developing collaborations between the academic and industrial worlds provided by the applicant.

RECRUITMENT CONDITIONS

The post will be appointed for an initial renewable period of three years.
